## OMNI AIR TRANSPORT IN TOP 1% OF ALL SAFETY ACCREDITATIONS

*ARGUS, Wyvern, IS-BAO Stage III and Department of Defense*

OATs leadership team is in the midst of rolling out the red carpet for the various industry accreditation teams. During this “audit” season, Omni is hosting NetJets/Executive Jet Management, ARGUS, Wyvern and the Department of Defense as part of their continuing accreditation programs. These audits involve members of the operations, maintenance, safety & security and sales departments all focused on showcasing the “Omni Way”.

Throughout Omni’s 35 year history of excellence they have achieved the premier safety accreditations to include ARGUS Platinum, Wyvern Wingman, IS-BAO Stage III and DoD Preferred Charter Operator status. Omni’s continued focus on excellence and achieving/maintaining the premier status across these multiple organization’s accreditation programs places Omni Air Transport in the Top 1% of all Part 135 Charter Operators.

## BOMBARDIER SAFETY STANDDOWN 2018

As part of Omni Air Transport’s continued pursuit of organizational excellence and continued focus on safety, OAT once again participated in the premier safety conference hosted by Bombardier, Safety Standdown. In 2018, with the Normalization of Excellence as its theme, Safety Standdown challenged attendees to raise their game in terms of professionalism. The experts provided the information and the tools to create a culture within flight departments where the norm is a job exceptionally well done, and gold medal performances are a daily occurrence. Seminars included topics such as “Keep it Simple Leadership for Higher

Safety Standards”, “Proactive Fatigue Risk Management”, “Normalizing Excellence through Mentoring & Leadership” and “Standardization - Why Bother?”. The event culminated

with key note speaker Dick Rutan presenting his first hand account of his Voyager aircraft around the world non-stop adventure. His presentation reflected the ultimate merger of aviation safety and ground breaking technology.

## OAT WEBSITE LAUNCH COMING JANUARY 2019

Omni Air Transport will launch a new website in January 2019. The new site will provide an improved user experience through mobile optimization, content organization and interactive features. We are proud to offer our clients more detailed information about our fleet, company history, team and SkyPass membership program. The functionality and usability of the site will add value to the client process from booking to return.

“ Flying with Omni is an exciting, thrilling experience, short-circuiting the anxieties and frustrations of commercial air travel. My experience with Omni is that, in every way, Omni understands the meaning of outstanding service. ”

-Frederic R. | Tulsa, OK

## Chris Deslongchamp Promoted to Vice President

Omni Air Transport is pleased to announce that Chris Deslongchamp has been promoted to Vice President. Chris joined Omni in November 2017 as Director of Safety & Security and is a 24-year veteran of the aviation industry. In addition to overseeing the growth of the Human Resources, IT and Marketing departments, Chris will continue directing the company safety and security efforts.

Aviation management and organizational leadership are what Chris knows best. He has a passion for aviation safety and security as evident in his panoply of certifications — including FAA Safety Management System Instructor, FAA Licensed Flight Dispatcher and Master Navigator (3500 hrs), along with specialized training received in FAA Accident Investigation and NTSB-Accident Investigation — distinguish him as a leader and expert when it comes to both domestic and international aviation. At home, Chris is a dedicated husband and father, die-hard Philadelphia Eagles and St. Louis Cardinals fan, as well as an enthusiastic woodworker and brewmaster.

## OMNI AIR TRANSPORT ATTENDS 2018 NBAA-BACE

National Business Aviation Association - Business Aviation Convention & Exhibition

NBAA-BACE is the world's largest and most important business aviation event with over 25,000 industry professionals in attendance. This year, Omni Air Transport sent Business Development Director, Jasper Athwal and Director of Operations, Jeff Lane. In addition, Omni Air Transport's sister company, Omni Aircraft Sales,

sent Director of Aircraft Sales, Brian Olds.

### Benefits of Attendance:

- Safety Training
- Reinforce existing relationships
- Network with industry leaders
- Learn about the latest industry trends and equipment

## BRIAN OLDS

Director of Aircraft Sales  
for Sister Company  
Omni Aircraft Sales

When it comes to aircraft sales and acquisitions, Brian Olds is a trove of knowledge and experience. As Director of Aircraft Sales, Brian negotiates carefully to maximize returns for aircraft seller and ensures buyers understand acquisition value and long-term ownership benefits. Whether it's inventory purchases or aircraft valuation, Brian keeps customers informed with each step in our proven process so there's never a surprise. Outside the office, he keeps busy with his wife and two boys, and with hobbies including deer hunting, fly fishing, camping and home brewing.
